

Cookie Notice

Triple i Logistics Public Company Limited and its subsidiaries

Triple i Logistics Public Company Limited and its subsidiaries (together the 'Company') respect the right to privacy of website visitors and or users (thereafter 'you'/'your'). The Company is fully aware of your expectation for the Company to appropriately protect your data. Accessing this website constitutes your consent for the Company to use cookies as per this cookie notice which is described as follow;

What are cookies?

Cookies are small files used to collect data on user's access to websites such as date, time, clicked links, pages visited, page settings, etc. The data is saved from web browsers during your visit to the website in your computers and/or communication devices such as laptop computers, tablets or smartphones. Cookies pose no harm to your computers and/or communication devices. In the following cases, your personal data may be saved to improve your online service experience. Cookies will save your language preference and customize the website for your individual needs, your safety information and service offered. Cookies are also used to analyze your website usage and customize web content to meet your needs based on current and period website usages.

How does the Company use cookies?

The Company uses cookies to record your website visits. This enables the Company to memorize your website usage. The usage data will be used to improve the Company's website to satisfy your need and to enable faster and smoother online experience on our website. It also means that you will be able to access and use the website safely and without interruptions. For example, you will have an ability to log-in onto the website. Without basic cookies, it will not be possible to access the Company's website as it is necessary for the website to collect some basic data to identify persons who are logging in onto the website.

The only type of cookie that the Company use is the **Session Cookies**. These temporary cookies only collect data while you are using the website or web

application system of the Company's. For example, it helps to identify individuals who are saving or editing data in the data base. Data saved in these Session Cookies will be removed from your computers or devices when you leave the website or close your browser.

Strictly Necessary Cookies are used by the Company. The purpose of such cookies is that they are essential to the functioning of website service of the Company to enable users to access different parts of the website smoothly and correctly.

Type of Cookie	Description	Example
Strictly Necessary Cookies	These cookies are essential to the functioning of website service of the Company to enable users to access different parts of the website including saving your previously filled data on the website. Disabling strictly necessary cookies will prevent you from accessing important services of the Company which requires cookies.	<pre>Session["session_id"] = "data"; getSession("session_id"); setSession(session_id, "data");</pre>

How to manage cookies?

Web browsers' default setting is set to accept cookies. However, you may reject or delete cookies in your web browser setting. If you decide to do so, it may affect the format and usage setting of the Company's website. Should you wish to alter your cookie setting, you may consult the following links;
